

DJ ANGELA BU EPK

Tribal & Afro Energy | Techno | House | Tech House | Minimal House

Born deep in the rhythm of her indigenous Atayal heritage, Angela fuses ancestral pulse with futuristic sound. Her sets are emotional, up-and-down journeys—melding tribal techno with deep and tech house, built on bone-shaking basslines, gritty textures, and melodies that leave a lasting mark.

After completing four DJ courses in October 2019 and refining her skills as a bedroom DJ, Angela made her debut in December 2020. Since then, she's become a rising star on Taiwan's festival, club, and event scene—gracing stages at ULTRA Taiwan, S2O Festival 2023, CE LA VI, Omni, and beyond. Whether she's energizing 100 ravers in a riverside warehouse or moving 20,000 people under city lights, she doesn't just spin tracks; she curates the vibe with intention, always in tune with the crowd.

"My mission is to get people to lose their minds and find their soul."

"I don't just play tracks—I remix them long enough to make your ears pregnant." – Angela Bu
